Senior Systems Hires Business Development Manager

Palmdale, CA – June 8, 2011 – Senior Systems Technology is pleased to announce the hiring of Rick Carey for the position of Business Development Manager in Phoenix, Arizona. Carey will report to Gregg Mozdy, VP of Business Development, and will be responsible for identifying leads and acquiring new business in the Southwest territory.

“We are quite pleased to be adding a sales executive of Rick’s caliber to our team,” stated Mozdy. “He brings a level of experience and expertise that matches well with the requirements necessary to succeed in our business.”

Rick Carey has over 20 years of experience in the electronics industry with OEMs, contract manufacturers and manufacturer’s representatives in a variety of sales and management roles. He has held positions at Easton Aluminum, Star Systems, Gertner Communications, FABCON, Hoosier and most recently, Suntron Corporation. Carey earned a Bachelor of Science degree in Operations Management from Brigham Young University in Provo, Utah.

Senior Systems provides contract electronics manufacturing services to advanced technology companies primarily in the military/aerospace, medical, industrial and computing sectors. The company’s capabilities include design for manufacturing, prototype and production circuit board assembly, materials procurement and control, manufacturing and test engineering support, complete systems build and final product packaging and logistics.

As a full service EMS provider, Senior Systems is ISO 9001:2008, ISO 13485:2003, FDA/GMP and AS9100 registered, as well as being an NSA-approved supplier under the COMSEC standard.
