**For Immediate Release**

**Senior Systems To Exhibit At MD&M West 2011**

Palmdale, CA – January 25, 2011 – [Senior Systems](#), a mid-tier electronic manufacturing services (EMS) company serving the medical, industrial and defense/aerospace industries will be exhibiting at the Medical Design & Manufacturing (MD&M) West Exposition, February 8-10, 2011 at the Anaheim Convention Center in Anaheim, CA.

Representatives from Senior Systems will be available at Booth # 2590 to provide more information on the company, answer questions and highlight recent capital equipment additions.

A leading EMS provider, Senior Systems specializes in high-reliability, high-cost-of-failure assemblies. From printed circuit board assemblies (PCBA) to full system integration and box-build, the company exceeds stringent quality requirements to ensure products work the first time and all the time.

Senior Systems provides contract electronics manufacturing services to advanced technology companies primarily in the military/aerospace, medical, industrial and computing sectors. The company's capabilities include design for manufacturing, prototype and production circuit board assembly, materials procurement and control, manufacturing and test engineering support, complete systems build and final product packaging and logistics. As a full service EMS provider, Senior Systems is ISO 9001:2008, ISO 13485:2003, FDA/GMP registered and AS9100 registered, as well as being an NSA-approved supplier under the COMSEC standard.
